CALICO JACK

Pirates of the Golden Age

John Rackham(26 December 1682 – 18 November 1720), [commonly known as Calico Jack, was an English pirate captain operating in the Bahamas and in Cuba during the early 18th century.

His nickname was derived from the calico clothing that he wore, while Jack is a generic nickname for a British Sailor.

Rackham was active towards the end (1718–1720) of the "Golden Age of Piracy". He is most remembered for having two female crew members: Mary Read and his lover, Anne Bonny.

The beginning

Calico Jack was built in Sulawesi in 2011-2013, by a group of friends from the UK, Australia and France. Anne Bonny was also built in Sulawesi, in 2015, by an accomplished Italian boat builder . Cenderawasih bay is a relatively unexplored destination offering amazing diving, diving/snorkeling with whale sharks and diving amongst WW2 shipwrecks.

Every year we run four 11-night / 12-day cruises, crossing the bay from Monokwari to Nabire and return.

Every year we alternate this destination with Banda Neira cruise.
