INTRODUCTION

50m | 6 suites | 12 guests

Vela was conceived for modern day adventurers and experiential travelers eager to explore the most remote corners of the Indonesian archipelago.

Each charter is fully personalized to cater to the preferences of each guest. From scuba diving with manta rays and hiking among Komodo dragons to sheer relaxation on a secluded beach, no two experiences are ever the same onboard Vela.

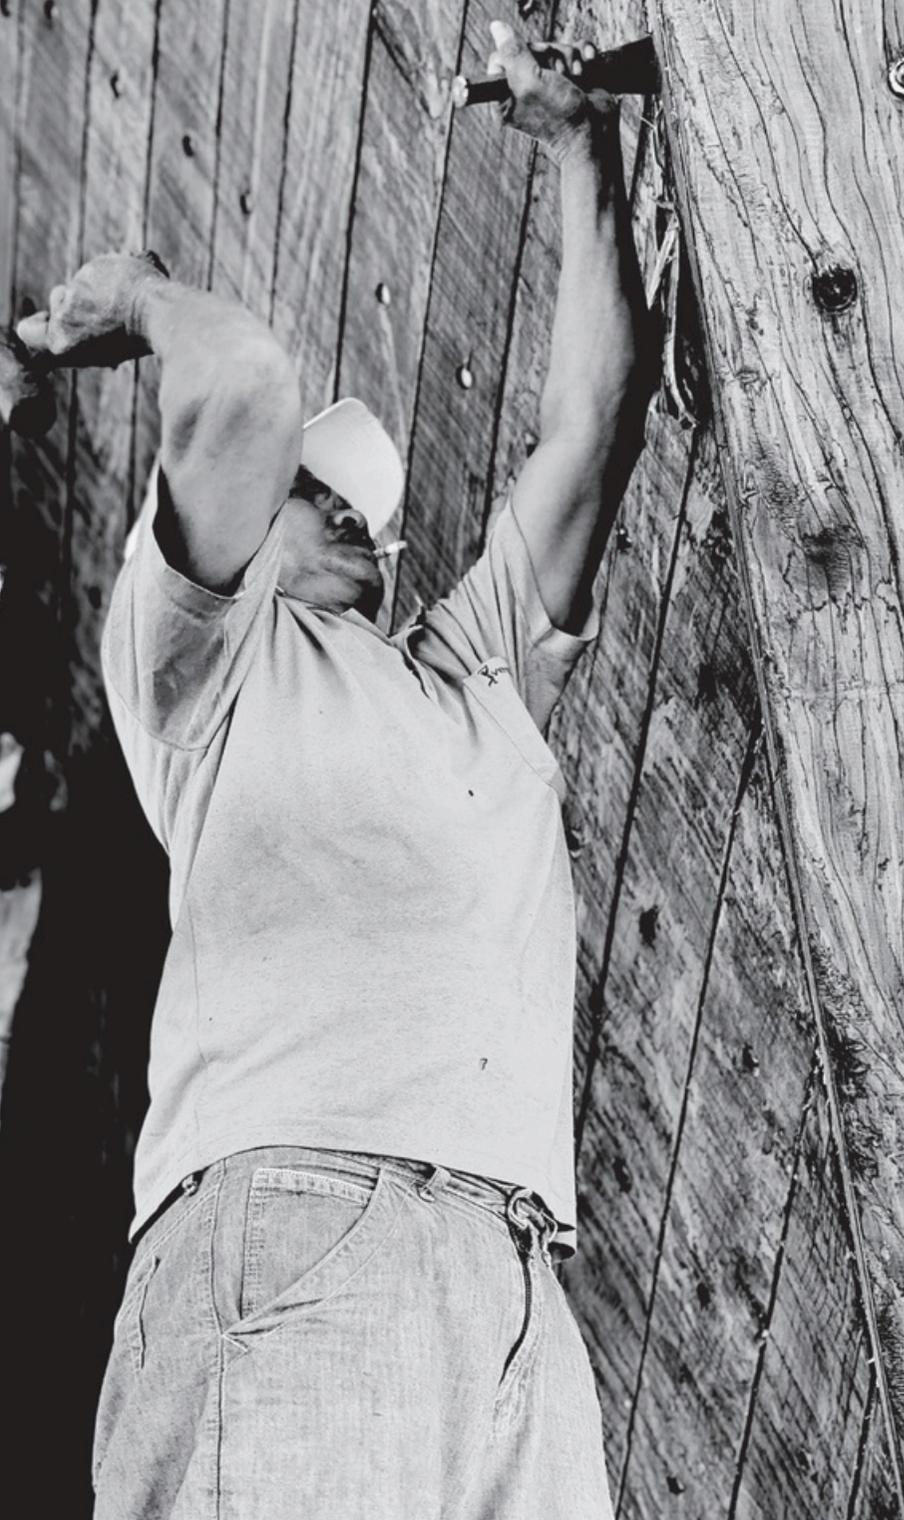

With 6 luxury staterooms accommodating up to 12 guests, Vela is perfectly suited for families and groups of friends. Blending the best of adventure, refinement and safety, Vela seeks to redefine barefoot luxury by sailing off the beaten path and crafting lasting bespoke memories.

CRAFTSMANSHIP

Melding centuries-old tradition and modern naval design, Vela was conceived by an American engineer and built in South Sulawesi by renowned Konjo boat-builders. Its sleek hull was designed for optimal performance and safety using locally sourced ironwood and teak.

Stable and highly maneuverable, Vela is equally well-suited for cruising the Indonesian shores and undertaking crossings, enabling it to reach far-flung islands of Indonesia and beyond.

SUITES

Distinctive and elegant, Vela's contemporary interior elevates adventure yachting and celebrates Indonesian craftsmanship.

Each suite is tastefully appointed with Italian fabrics and furnished with locally produced custom teak furniture sourced from sustainable forestry. En-suite bathrooms are clad with handmade terracotta produced in Ubud, meticulously selected marble, and equipped with Philippe Starck-designed fittings.

Guests may dine under the stars on Vela's ample aft and front decks, in the comfort of the dining room or on the beach with their feet in the sand. Using fresh ingredients sourced from local markets and fishermen, our executive chef and his team reinterpret local and Western favorites as guests are invited to explore the archipelago's rich and eclectic culinary diversity.

EXPERIENCES | DIVING

Vela is the ideal gateway to explore Indonesia's Golden Coral Triangle and its unique marine biodiversity. No two dives are ever the same and adventurous guests may gaze in wonder at the sight of manta rays, sea turtles and sharks while marine photographers will notice seahorses, mantis shrimps and nudibranchs hidden in pristine coral gardens.

Our qualified dive instructors are trained to help beginners achieve their PADI certification onboard and a nitrox compressor allows experienced divers to make the most of each dive and shorten surface intervals.

EXPERIENCES | WELLNESS

From relaxing full-body massages on a deserted beach to cleansing facials and body scrubs on Vela's breezy decks or in the comfort of your cabin, Vela's spa offering is designed for absolute pampering. Crafted at The Retreat by Nirjhara exclusively for Vela, our menu of complimentary treatments uses all-natural products from the archipelago to satisfy the most demanding guests.

A wide array of wellness activities is available onboard, including yoga and sunrise meditation on Vela's top deck or on the beach, and a complete range of fitness equipment including adjustable weights, resistance bands and TRX allows even the most active to stay in shape while at anchor.

While cruising the scenic Indonesian archipelago, guests in search of land-based adventures can enjoy island hiking, birdwatching, secret-beach barbecues and more. Our dedicated activities manager and his team work with knowledgeable local experts to craft bespoke tours suited to our guests' preferences.
